SPEATBC Scholarships 2026

Five scholarships of \$1,000 each

Investing in the next generation of engineers and technologists. SPEATBC is proud to support students pursuing excellence in engineering, technology, innovation, leadership, and community service.

Five Scholarship Categories

- ☐ High School Graduation Scholarship
- ☐ Post Secondary Scholarship
- ☐ Women in Engineering Scholarship
- ☐ New Immigrant in Engineering Scholarship
- ☐ International Student in Engineering Scholarship

Who Should Apply?

Grade 12, certificate, diploma, undergraduate, master's, and doctoral students pursuing engineering, engineering technology, applied science, technical, or closely related studies at recognized British Columbia institutions. A B-/70% or equivalent minimum academic threshold applies.

How Applicants Are Evaluated

Area	Details
Primary Criteria	Academic Achievement 40%; Financial Need 20%; Community Service and Leadership 15%; Engineering/Technology Involvement 10%; Personal Statement 5%; Future Goals 5%; Extracurricular Activities 5%.
Bonus Factors	Punjabi proficiency up to 2 points, another language beyond English up to 1 point, and verified SPEATBC/community contribution up to 5 points. Maximum combined bonus: 7 points.
Important Note	Bonus points recognize community engagement and do not replace the primary merit-based and needs-based evaluation. Volunteer contribution is evidence-based, with the highest recognition reserved for sustained, high-impact service or leadership.

Additional Governance Notice

SPEATBC reserves the right not to award a scholarship in any category if minimum evaluation standards are not met. Final scholarship decisions are made by the Scholarship Committee and SPEATBC Executive Committee. Community engagement bonus points supplement, but do not replace, the primary merit-based and needs-based evaluation criteria.
